To Whom It May Concern:

The Alberta Cervical Cancer Screening Program's *RN Pap Test Learning Module (2004)* is under revision. The revised Learning Module will contain updated chapters on Pap testing techniques including Liquid Based Cytology (LBC), as well as relevant CARNA guidelines and a summary of the Health Professions Act legislation related to RNs and Pap testing.

If you would like to be added to the waiting list to receive a copy of the Learning Module in CD or electronically or if you have any questions, please phone 1-866-727-3926 (ask for the Health Promotion Resource Assistant) or contact us through our website [www.screeningforlife.ca/contact](http://www.screeningforlife.ca/contact)

If you have any questions about the Learning Module and/or RN practice related to Pap testing, please feel free to contact me.
